

## LingroHub: Student How-To Guide

### SMS notifications

To receive SMS notifications (about performance, use of tools, etc.), locate your LingroHub profile, click **MORE > [YOUR NAME]**.

The personal information page will open. Enter your cell phone number and check the box indicating that you would like to receive SMS notifications. An SMS message will be sent to you with a code.

A screenshot of the 'Phone number' form in the LingroHub profile. It includes a text input field for the phone number, a checked checkbox for 'I would like to receive notifications via SMS.', and a 'SAVE' button. Below the checkbox, there is explanatory text: 'We will send you a confirmation code you must enter to verify that the phone number is valid. US mobile numbers only and please check with your wireless carrier regarding the cost of receiving text messages on your mobile phone. MSG & Data Rates May Apply. What will we use it for?' and a link 'I have a verification code'.

When you get the code, click **I HAVE A VERIFICATION CODE**. Enter the code and click **SAVE**.

A screenshot of the 'Phone number' form, similar to the previous one, but with an additional text input field for the verification code. This field is highlighted with a red box. The text above the field reads: 'Please enter the verification code we just sent to your phone'. The 'SAVE' button is visible at the bottom.

To return to your course, click **MENU > MY COURSES**.
