

Many of the activities in your LingroHub course are set to be **auto-graded**, that is, graded by the computer.

Click **START** to begin the activity.

A screenshot of the LingroHub interface. On the left is a dark blue sidebar with a "HIDE" button and a list of activities labeled M1-1 through M1-5. The main content area is titled "Capítulo 1-Primera parte: ¡Así lo decimos! Vocabulario". Below the title is a section for "Primera parte: ¡Así lo decimos! Vocabulario" with a "COLLAPSE" button. A table of activity options is shown: Due: Fri Aug 30 2024 11:59 PM CDT, Attempts: 0/2, Status: New attempt, Activity: Graded. Answers on Submit, Points: -/5, Time: Not timed. Below the table is a message: "Please click Start when you are ready to begin the activity." An orange arrow points to a dark blue "START" button.

On the right side of your activity, there is a gray panel containing the **activity options**:

A close-up of the activity options panel. It is a vertical gray bar on the right side of the activity. It contains several icons: a close button (X), a back arrow, a menu icon (three horizontal lines), a play button, a refresh icon, and a bottom arrow. An orange arrow points from the text "the space it belongs in." to the panel.

NOTE: Above this panel, you will see how many activities are included in this activity sequence. If it says "Activity 1 of 1" then there is only 1 activity to complete. If it were to say something like "Activity 1 of 3" then there would be a total of 3 activities to complete in this sequence.

Full screen mode - Click to view the activity full screen.

Back arrow - Use to return to the previous activity in the sequence. (**NOTE:** If there is only one activity, this button will be grayed out since it isn't needed.)

3 lines - Click the menu to jump from activity to activity in the sequence (if applicable).

Forward arrow - Click to submit your responses (or continue to the next activity in the sequence, if applicable).

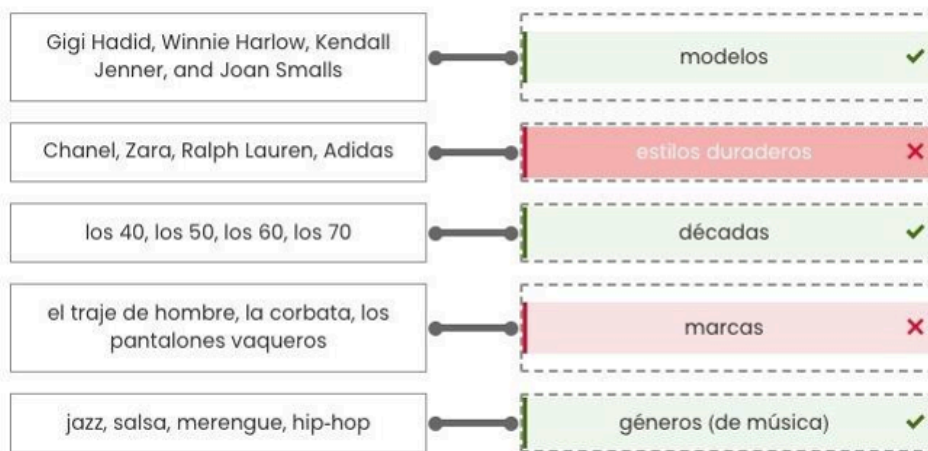

Click this icon for additional accessibility features, including color scheme, font size, and zoom capabilities..

Click this arrow at the bottom of the panel to expand the activity panel to see the names of all the options.

Before you submit your responses, you may be given the option to **Check Answer**, indicating which answers are incorrect. You may also be given feedback to help direct you to the correct answer.

 Check Answer

Once you feel satisfied with your answers, click the **forward arrow** in the activity options panel to **Finish**, that is, submit your attempt.
